WILMINGTON, N. C.

Monday July 14th, 1873.

Mrs. Avery D. Putnam, the widow of the man murdered by Foster in a street-car in New York city, recently, obtained a verdict of five thousand dollars from the Seventh Avenue street-railway company, of that city, for damages sustained in the death of her husband. The case was appealed to the general sessions of the superior court of New York, where the verdict has been affirmed. This decision is important by placing street-railway- in the class of common carriers, and requiring them to protect their passengers from violence. The opinion of the court holds that the street-railway is required "not only to guard each passenger from violence and assault by its own agents and employes, but from the assaults and violence of other passengers carried in the same conveyance, and from other causes of discomfort or injury which could have been reasonably anticipated or prevented." This decision is valuable to people everywhere who ride on horse-cars. It is the custom in some places of the drivers, especially in the one-horse cars, which have no conductors, to allow the passengers to do all the police duty, throw out disorderly characters, and take care of themselves generally. Perhaps, in view of the decision in the Putnam case, managers will issue instructions to their employes henceforth to lend a hand in maintaining order and protecting passengers.

Educational Convention.

THIRD DAY'S PROCEEDINGS.

The convention was called to order at 9½ o'clock, by the President.

Prayer by the Rev Mr Yates.

Roll call by the Secretary, and minutes of yesterday read and approved.

The names of several new delegates were entered on the roll.

Reports of committees being in order, the Rev Dr Craven, chairman of the committee on permanent organization, reported as follows:

The committee to whom was referred the subject of a permanent organization of a State Educational Association have had the matter under consideration, and respectfully submit the following report:

We believe it is vitally important to the best interests of North Carolina, that a permanent Educational Association should be formed upon such principles as may best unite all citizens, and excite them to vigorous, effective action in the great work of educating the people; therefore

Resolved, That we do now proceed to form a State Educational Association, and that any resident of North Carolina may be a member of the Association by causing his name to be enrolled and paying one dollar.

The report was adopted, and a motion to proceed to the organization of the Educational Association was offered by Dr Craven.

In order to allow the reception of the report of the committee on "Compulsory Education," of which J H Mills is chairman, and which was appointed by the President of the Educational Convention.

Mr W J Young moved a reconsideration of the vote by which the report of the committee on Permanent Organization was received.

A skirmishing debate ensued on the motion to reconsider, the Rev Messrs Craven and Atkinson opposed, and J H Mills in favor. The motion was lost.

Mr Mills submitted his report on Compulsory Education, which is too long for us to insert at this time.

A lengthy discussion ensued upon the postponement of the consideration of the report till the next meeting of the Association.

The motion of Dr Craven to lay the report on the table failed, and the discussion was resumed.

Captain Peebles called the previous question on the adoption of the report, which, after much debate on parliamentary law, was sustained, and the vote taken.

The report was adopted by a vote of 23 ayes to 19 nays.

Mr Norwood introduced the following resolution, which was unanimously adopted:

Whereas, Agriculture lies at the foundation of all industrial pursuits, and is essential to life and civilization; it is therefore strange, indeed, that it has not been made a leading subject of education in all schools, of high and low grade. All men in every walk of life should have knowledge of it; therefore

Resolved, That a practical elementary treatise on agriculture, should be prepared and introduced into the common schools of this State.

The President announced that the next business in order was the organization of the Educational Association of North Carolina.

Dr Craven submitted the following constitution for the government of the Association:

CONSTITUTION.

ARTICLE 1. The officers of this Association shall consist of a President, six Vice Presidents, a Secretary, a Financial Secretary, and an Executive Committee consisting of five members. All of whom shall be elected at the regular annual meetings.

ART. 2. It shall be the duty of the President to preside and preserve order at the meetings of the Association; in the absence of the President, one of the Vice Presidents shall perform his duties.

ART. 3. The secretary shall keep a true record of the constitution, By-Laws, and proceedings of this Association, and conduct the correspondence of the Association; he shall preserve such papers as may be committed to his care, and he shall superintend the publication of such matters as the Association may designate.

ART. 4. The Financial Secretary shall manage the finances of the Association, and keep such books and accounts as may be necessary; he shall act as treasurer, and shall pay out no money except by order of the Executive committee, signed by the President of the Association.

ART. 5. The Executive committee shall perform all such duties as the Association may designate.

ART. 6. The Association shall meet annually at such time and place as the Executive committee may designate; but the President upon the requisition of the Executive committee, shall call special meetings at times and places as the committee may determine, and no business shall be transacted at such meetings, but that for which they are specially called.

ART 7. Twenty members from five different counties, shall constitute a quorum to transact business at any meeting of the Association.

ART 8. Any resident of North Carolina may be elected a member of the Association by a majority of the members present at any meeting; but the name of no person shall be enrolled as a member, until one dollar shall have been paid by such person into the treasury of the Association.

ART 9. Each member shall annually pay one dollar into the treasury of the Association.

ART 10. At the commencement of each annual meeting, the President shall deliver an address on such subject or subjects, as he may think important for the Association to consider.

ART 11. No article of this Constitution shall be altered, except by a vote of two-thirds of the members present at any annual meeting.

Gov Caldwell nominated the Hon W H Battle, of Wake, for President of the Association.

The motion which was put to the Association by Gov Caldwell, was unanimously adopted.

Rev Dr Craven, Gov Caldwell and Gen W R Cox were appointed a committee to make nominations for the remaining officers.

On motion of Hon A S Merrimon, the following amendment was made to the Constitution:

Auxiliary county Associations may be formed in any county of the State in harmony with the constitution of this Association.

Dr Craven from the committee on Nominations reported the following which being adopted become the permanent officers of the association:

Vice Presidents—Hon A S Merrimon, Rev B Craven, DD, Rev N McCoy, DD, J W Norwood, and O F Alston.

Secretary—Professor O W Carr.

Financial Secretary—John Nichols.

Executive Committee—Gen W R Cox, John Riley, F P Hobgood, W J Young, and Rev J M Atkinson, DD.

John B Burwell, Esq, was elected in place of W W Peebles on the committee on by-laws. Mr Peebles resigning.

WASHINGTON NOTES.

The Secretary of the Treasury decides that collectors of customs are entitled to exact seventy five cents per one hundred bushels of salt, to be used in curing fish, withdrawn in less quantities than the whole importation from bonded store or to the importing vessel.—Fifty six pounds avordupois constitute the legal bushel of salt.

The Attorney General has decided that the fifteen per cent. increase of pay to employees of the Senate and House of Representatives provided for by the act of March 3, 1873, only applies to those employed during the Forty-second Congress, and does not apply to persons whose employment in that capacity commences after March 4, 1873.

Upon a question made by Mr. Orton, the President of the Western Union Telegaph Company, the Attorney General has decided that upon lines of telegraph operating under act of July 24, 1866, the officers and agents of the different Departments of the government may telegraph each other upon official business at rates fixed by the Postmaster General.

At 10 o'clock 93 dog badges had been sold, and still there were many anxious owners of canines awaiting their turn.

THE City Clerk and Treasurer is found for the next few days in the Mayor's new office. The office is used as a Treasurer's office will undoubtedly that it has long needed—a coat of paint.

JUSTICE CASSIDEY this morning issued a warrant for the arrest of William Iverson, who was charged by DeLa Evans with having intentionally pushed him into the river from a timber raft on Saturday last. The case will come up for a hearing this afternoon at 4 o'clock.

THE rush of trade at 17 Market street to-day establishes the fact that Weil makes no false promises. Rich and poor, great and small, beaut adies and stalwart men presented themselves for bargains. They got bargains. The universal verdict is, they must what they say. Their immense stock must be sold as they have determined to open the new store with new goods.

PIETY IN HIGH PLACES, OR WHAT THE MATTER?—We have had occasion before now to allude to the *high time* our city clock indulged in occasionally, sometimes getting on a spree which is kept up unconscionably long then again refusing to work or stop either. The POST has remonstrated about this unpresbyterian conduct, again it calls on the city clock to have itself and run on Sundays as well as on other days of the week.

THE pulpit of the First Presbyterian church was occupied twice on Sabbath by Rev. B. F. Marable, of Clinton, those who were fortunate in hearing him, speak in the most delighted terms of the excellence of his sermons and the pleasant manner of their delivery. The little sister town of Clinton is justly proud of having so talented a Minister as the above named gentleman to break them in holy things.

MERCHANTS who are in the habit of sitting in the back part of their stores should be careful to select a place from which they can always see their customers. We heard of a case where a little girl slipped into one of our Front street stores a few evenings ago and robbed the till of its contents. Fortunately for the merchant he had taken the greater portion of the money that had been paid in during the day and deposited it. Merchants cannot be too careful about this matter. There are many persons in our midst who make their living by pilfering.

LAST week Mr. John W. Boney living near Rocky Point in this county had his house robbed of $200 in money and a gold chain, whereupon he made the necessary affidavit before S. C. Shipyaw, J. P., who issed a search warrant to recover the same, placing it in the hands of Constable W. L. Rivenbark who searched the house of Owen Cannon and found the money and chain there. The man, Owen Cannon and his wife were arrested, and 'Squire Shipyaw, for the furtherance of the ends of justice, adjourned his court to the jail and had the defendants and witnesses brought here, when there was a full hearing of the case at the court house this morning which resulted in the defendant, Owen Cannon, being bound over to next term of the Superior Court in the sum of $350, to answer a charge of larceny.

The pulpit of the First Presbyterian church was occupied twice on Sabbath by Rev. B. F. Marable, of Clinton, and those who were fortunate in hearing him, speak in the most delighted terms of the excellence of his sermons and the pleasant manner of their delivery. Our little sister town of Clinton is justly proud of having so talented a Minister as the above named gentleman to serve them in holy things.

Merchants who are in the habit of sitting in the back part of their store, should be careful to select a place by which they can always see their tills We heard of a case where a little rascal slipped into one of our Front street stores a few evenings ago and robbed the till of its contents. Fortunately for the merchant he had taken the greater portion of the money that had been paid in during the day and desposited it. Merchants cannot be too careful about this matter. There are many persons in our midst who make their living by pilfering.

Last week Mr. John W. Bordeaux, living near Rocky Point in this county had his house robbed of $200 in money and a gold chain, whereupon he made the necessary affidavit before S. C. Fillyaw, J. P., who issed a search warrant to recover the same, placing it in the hands of Constable W. L. Rivenbark, who searched the house of Owen Cannon and found the money and chain there. The man, Owen Cannon, and his wife were arrested, and 'Squire Fillyaw, for the furtherance of the ends of justice, adjourned his court to this city and had the defendants and witnesses brought here, when there was a final hearing of the case at the court house this morning which resulted in the defendant, Owen Cannon, being bound over to next term of the Superior Court in the sum of $250, to answer a charge of larceny.

Mayor's Court.

His Honor W. P. Canaday, Mayor, presiding.

Rebecca Simmons, charged with disorderly conduct on the street was fined $20 and cost.

Duncan Holmes and W. H. Moore, charged with fighting on the street, was continued until to-morrow morning at 9 o'clock.

Wm. Marstiller, for cursing Mark Johnson in a disorderly manner, was discharged on payment of cost.

We call attention to the advertisement of the grand family excursion, under the auspices of the Young Catholic Friend's Society, on the 24th inst., to Smithville and the blackfish grounds. The ladies will funish ice cream, lemonade, confectioneries etc. at low prices. No liquors will be allowed aboard. We would advise everybody and his wife, who are anxious of taking a quiet pleasant trip to the seashore, to go down with our young friends on the 24th.

Quite an excitement was created on Princess street near Third this morning, caused by a personal collision between Wm. H. Moore and Duncan Holmes, growing out of a dispute between them. Blows were given and taken in the most approved style, and some blood was spilt, when the combatants were separated and quiet restored. The police arrested both parties, who were soon after released on their giving bail to appear at the Mayor's Court to morrow morning; after which, Holmes took out a warrant of arrest against Moore before W. H. Merrick, J. P., to be tried tomorrow, and Moore took out a warrant against Holmes before 'Squire Cassidey, to be tried this afternoon.

Our Churches.—The various churches in our city were well attended yesterday. The day being pleasant, many more than usual during the sultry summer days were seen wending their way to the different places of worship. At St. James', Bishop Atkinson and Dr. Watson occupied the chancel. Mr. Harding, of Washington, and Mr. Overby, of Granville co.,, were present, to be ordained as Deacons. After morning prayer, the Exhortation sermon was preached by Dr. Watson, at the conclusion of which the above gentlemen were ordained by the Bishop. At St. John's Rev. Mr. Patterson served both morning and evening, preaching his usual impressive sermons. At the First Presbyterian Church, Rev. Mr. Marable, of Clinton, preached. At St. Thomas', Father White officiated. Rev. Mr. Burr was at the Second Presbyterian Church, and Rev. Dr. Moran occupied his pulpit at the Front Street Methodist Church.—The members of the Baptist Church were attentive to the sermons preached by Mr. Hiden, and Mr. Burnheim was met by a large number of the members of his Church. In the morning Mr. Ambler preached at St. Paul's, and in the evening one of the Deacons who were ordained in the morning, preached a very interesting sermon. Mr. Brady served his congregation both morning and evening.

Little Sloan Huggins, aged about three years, the son of the late W. T. Huggins, Esq., met with a painful but not serious accident this morning. The little fellow was out playing with some larger boys in an alley near the corner of Fourth and Orange streets, when an infuriated cow started up the alley with its head down, striking the little fellow just over the eye, knocking him down. Fortunately some one happened to be passing, who drove the cow off before she could do any more damage. The little fellow was picked up very badly frghtened, with his forehead and mouth cut where the horn of the animal struck him, and carried into the house of Mr. F. M. Mitchell, where his wounds were bathed. Though they are of a very slight nature, we shudder to think what might have been the result had it not been for the timely arrival of the person who drove the cow away. It seems to us that the city authorities should take some steps to keep owners of cows from letting them run at large in the streets. There are a number of ladies in the city who are afraid to go on the street for fear of being chased by cows. We have often heard of cases where ladies walk two or three squares out of their way to keep from passing places where they have reason to believe that cows are grazing.

In reply to a question from the collector at Chicago the Secretary of the Treasury decides that a steam canal boat, engaged exclusively in transporting freight or cargo for the use of the owner, and not for hire, is not required to take out marine papers, although she must be inspected. If, however, she carries any articles for the purpose of trade or for freight she must be documented as any other vessel.

It is reported that a Justice of the Peace in Jones county has established a *new regime* for conducting affairs. He seems to despatch the business of divorce, division of property, &c., quicker than is done by the Superior Courts.

The dies for coining the new trade dollar are nearly complete, and it is expected that the work of coinage will begin this week. Dr. Linderman, director of the Mint, is determined that there shall be no delay in the issue of this coin, as inquiries are continually being received from merchants engaged in the Pacific trade, especially with Asia, as to when the coinage will begin, and a great demand is anticipated.

The State Fair.—The following distinguished railroad men have been appointed by the Executive Committee of the North Carolina Agricultural Society a Committee on Transportation for the next State Fair: Hon R R Bridgers, Hon W A Smith, Edward R Stanly, L C Jones, Esq, Col S L Fremont, Capt W H Green, and Capt B A Andrews. These gentlemen are the active managers of all our leading lines of railroad, and their experience must be invaluable.

The Statesville *American* says that there is in that vicinity now, and makes his appearance every year, a strange human being. His habits are those of beasts of the forest, wearing nothing but the most scanty garments, and hardly enough of that to cover himself. He roams through the woods, generally at night, in quest of food, which is mostly vegetables, and makes his bed with leaves after the manner of swine. He is said to be shy of man, and on the approach of a person will dart off and seek covert in the deneest thicket. No one seems to know from whence he came nor the cause of his strange habits of life.

The Statesville *American* says: Mr. E. L. Wagoner, of this place, has a pet crow which is of use at times, though at others is rather mischievous. "Jim Crow" is his name, and when hoeing corn or cotton, will follow in the wake of the person and gather all the worms that are unearthed. To show the imitative propensities of the "burd," Mr. W. told us that one day while thinning out his cotton, Jim took it into his head to lend a helping "bill," and actually started to work pulling up the stalks until driven away, cawing the while as it in anger at his rude treatment. Jim knows his name, and will come when called.

The Asheville *Pioneer* says: On Saturday afternoon the village of Marshall, in Madison county, and vicinity, was visited by a destructive storm of wind and rain, which caused the death of a woman named Margaret Massey, and destroyed the growing corn and tobacco crops. Mrs. Massey was at work in a field with two men, Buckner and Pierce, the latter ploughing, while she followed with a hoe. During the storm they sought shelter in a shuck pen, at the base of a hill, when a tree, two feet in diameter, was blown down, and the volume of water which swept down the hill rolled it over the frail structure and its occupants. The men escaped injury, but the poor woman was crushed to death instantly. The tobacco and corn crops of Messrs. Rollins, Worley, Nichols and others, were entirely destroyed. Our informant, who witnessed the storm, says the atmosphere was surcharged with electricity and that the lightning played fantastic tricks upon the trees and surrounding objects; and that at times the single street of the village was a sheet of flame.

SIXTH YEAR.

THE ALDINE,

An illustrated monthly journal, universally admitted to be the handsomest periodical in the world. A representative and champion of American taste.

NOT FOR SALE IN BOOK OR NEWS STORES.

THE ALDINE, WHILE ISSUED WITH all the regularity, has none of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light and graceful literature, and a collection of pictures, the rarest specimens of artistic skill, in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it has been bound up at the close of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class, THE ALDINE is a unique and original conception—alone and unapproached—absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any shape or number of volumes, for ten times its cost, and then there are the chromos besides!

ART DEPARTMENT.

Notwithstanding the increase in the price of subscription last fall, when THE ALDINE assumed its present noble proportions and representative character, the edition was more than doubled during the past year, proving that the American public appreciate, and will support, a sincere effort in the cause of Art. The publishers, anxious to justify the ready confidence thus demonstrated, have exerted themselves to the utmost to develop and improve the work; and the plans for the coming year, as unfolded by the monthly issues, will astonish and delight even the most sanguine friends of THE ALDINE.

The publishers are authorized to announce designs from many of the most eminent artists of America.

In addition THE ALDINE will reproduce examples of the best foreign masters, selected with a view to the highest artistic success and greatest general interest, avoiding such as have become familiar through photographs, or copies of any kind.

The quarterly tinted plates, for 1873, will reproduce four of John S. Davis' inimitable child-sketches; appropriate to four seasons. These plates, appearing in the issues for January, April, July and October, would be alone worth the price of a year's subscription.

The popular feature of a copiously-illustrated "Christmas" number will be continued.

To possess such a valuable epitome of the art world, at a cost so trifling, will command the subscriptions of thousands in every section of the country, but as the usefulness and attractions of THE ALDINE can be enhanced, in proportion to the numerical increase of its supporters, the publishers propose to make "assurance doubly sure" by the following unparalleled offer of

PREMIUM CHROMOS FOR 1873:

Every subscriber to THE ALDINE, who pays in advance for the year 1873, will receive without additional charge a pair of beautiful oil chromos, after J. J. Hill, the eminent English painter. The pictures entitled "The Village Belle" and "Crossing the Moor" are 14x30 inches—are printed from 25 dificrent plates, requiring 25 impressions and tints to perfect each picture. The same chromos are sold for $30 per pair in the art stores. As it is the determination of the conductors to keep THE ALDINE out of the reach of competition in every department, the chromos will be found correspondingly ahead of any that can be offered by other periodicals. Every subscriber will receive a certificate, over the signature of the publishers, guaranteeing that the chromos delivered shall be equal to the samples furnished the agent, or the money will be refunded. The distribution of this grade, free to the subscribers of a $5 periodical, will mark an epoch in the history of art, and considering the unprecedented cheapness of the price for THE ALDINE itself, the marvel falls little short of a miracle, even to those best acquainted with the achievements of inventive genius and improved mechanical appliances. (For illustrations of these chromos see Nov. issue of THE ALDINE.

THE LITERARY DEPARTMENT

will continue under the care of Mr. Richard Henry Stoddard, assisted by by the best writers and poets of the day, who will strive to have the literature of THE ALDINE always in keeping with its artistic attractions.

TERMS:

FIVE DOLLARS per annum, in advance, with oil-chromos free.

THE ALDINE will hereafter be obtainable only by subscription. There will be no reduced or club rate; cash for subscription must be sent to the publishers direct, or handed to the local agent, without responsibility to the publishers, except in cases where the certificate is given, bearing the fact-simile signature of Jas. Sutton & Co.

SPECIAL ANNOUNCEMENT.

In accordance with our last prospectus, the specially reduced rates for 1872, viz:

Weekly, per year.....$1 00
Semi-Weekly, per year..... 2 50

will be maintained for all new subscribers, and all old subscribers renewing prior to the 15th day of January, 1873, when the above Club rates will take effect.

THE NEW YORK WEEKLY TIMES
Will contain Selected Editorials from the Daily Times; General News, Domestic and Foreign; The Proceedings of Congress and the State Legislatures; Full and Interesting Correspondence; Book Reviews; The Choicest Literary Selections; while its most prominent feature will be a COMPLETE AGRICULTURAL DEPARTMENT, with original articles from practical farmers; full reports of the American Institute Farmers' Club; complete weekly market reports; financial, domestic produce, live stock, dry goods and general.

AS A FAMILY PAPER,
The TIMES will have no superior; it will be free from all appeals to vulgar and impure tastes, and may be safely admitted to every domestic circle.

AS A REPUBLICAN JOURNAL,
The TIMES will be devoted, as in the past, to an intelligent and firm support of the Republican Party. Its course in reference to the Tammany Ring, at a time when all the other daily papers in New York obstructed and discouraged its efforts, attests its sincerity in the cause of Reform. The TIMES stood alone in demanding Reform from 1869 to the close of 1871, and there is no sincere and honest proposal for Reform, in any branch of the Government, which will not be heartily supported by the TIMES. But it will not conspire in assisting ambitious politicians or demagogues to reach power under false pretenses. It will not encourage defection from the Republican Party, which is still the party of progress, security and national prosperity.

It will sustain, with all the force and influence at its command, the principles and policy which have rendered that party so justly famous in our history. It will advocate those measures by which the honor, the peace, and the prosperity of the nation can be best secured and promoted, and will constantly study the wants of the people rather than the wishes of the politicians.

THE NEW YORK SEMI-WEEKLY TIMES
Is published every Tuesday and Friday, and contains all the agricultural and literary matter of the Weekly edition, and a full and careful compilation of editorial and news features of the Daily.

Terms of the Semi-Weekly TIMES: One copy, one year. $3; two copies, one year, $5; ten copies, one year, $25—and one extra copy free.

Subscripttons to either of our editions received for a less length of time than one year at yearly rate.

These prices are invariable. Remit in drafts on New York or Post-office Money Orders, if possible, and where neither of these can be procured, send the money in a registered letter. All Post-masters are obliged to register letters when requested to do so, and the system is an absolute protection against losses by mail. Address

We especially call the attention to the following testimonials of the Paint:

C. P. Knight, Esq.—Dear Sir: I have used Bradley's Patent Enamel Paint on my dwelling last Spring, and am much pleased with it, and it looks as well now as when first painted, and consider it a good Paint. Yours, truly,
Creswell P. O., Hartford county, Md., Feb. 6th, 1873. A. H. STRASBAUGH.

THE PLAINS, FAUQUIER Co., VA., Feb. 6th, 1873.

Mr. C. P. Knight—Sir: The Paint came safely to hand as ordered—two kegs, five gallons each, and three buckets, one gallon each. As practice was slack, I did the job myself. Two weeks, (not constant work,) completed the house two coats. The last coat I applied thick, and it is now generally conceded that for enamel-like hardness, and body, and harmony of colors, there is not a handsomer job in the place. I saved sixty-five dollars by the operation, which is an item just now with Southern people. It should be generally adopted in this State. Any country lad can apply it. I have never dabbled in such stock as testimonials, but I feel so forcibly the great adaptability of your "Fnamel Paint" to the wants of our people, in excellency of material, in beauty of color, and in the fact of its being "ready mixed" that I give you free permission, (if it is desirable to you,) to make what use you think proper of this letter.
Very respectfully and truly, S. McGILL, M. D.

TO THE PUBLIC—It affords me much pleasure to state that in July, 1871, Front Street Theatre was painted inside and out with "Bradley's Patent Enamel Paint," for which C. P. Knight, No. 93 West Lombard Street, is agent, and, to testify to its superiority over any and all other paints for similar uses. In no private dwelling can paint possibly be subjected to the very severe test it undergoes at this establishment, where, during our daily cleaning, soap and soda are constantly applied to it, and yet it appears as sound and fresh as when put on. Of the numerous advantages it possesses over other paints, I will only mention its being mixed and ready for use in quantities to suit purchasers, its quickly drying properties, which saves much time in the execution of work were paint is needed, and its very perceptible tenacity, which imparts beauty and durability to the objects on which it is used. As such I most earnestly recommend it to the merchants and tradesmen of our city, believing it will give them greater satisfaction than they can possibly anticipate. WM. E. SINN,

BALTIMORE, April 25, 1873. Front Street Theatre.

CHAMBERSBURG, December 10th, 1872.

Mr. C. P. Knight—Dear Sir:—The paints we received from you have been applied to several of our own buildings and to those of our friends, and have given entire satisfaction in covering qualities, in gloss, and in adaptability to all kinds of surface of material and we cheerfully recommend it, especially to that class of consumers who have to depend upon unknown parties, or painters to mix and furnish materials, wherein we have found the most deception.
Yours, truly,
JACOB STOUFFER & SON.

FROM HON. JOHN WETHERED.

Mr. C. P. Knight:—At the recommendation of a friend, I was induced to apply your patent "Bradley's" paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, carries better gloss than ordinary paint, and is freer from disagreeable odor.
Yours, Respectfully, JOHN WETHERED.

BALTIMORE, December 27th, 1871.

C. P. Knight, Esq., Agent for Bradley's Patent Enamel Paint—Dear Sir:—The paint we purchased from you we will cheefully endorse as the best of any kind we have ever used; its covering qualities is everything desired, drying promptly and with a hard gloss which must, we think, resist the action of all kinds of weather. This is our experience, and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work.
Very Respectfully, EMART & QUARTLEY, 270 W. Baltimore St.
House, Sign and Frescoe Painters.

PLEASANTVILLE, HARTFORD CO., MD.

Mr. C. P. Knight—Dear Sir:—I am very happy to inform you that your "Patent Enamel Paint" has given entire satisfaction. I prefer it to any paint I have ever seen used, and recommend it for durability and beauty as paramount to any other.
Very Respetfully, R. DICKEY, M. D.

"Unquestionably the best sustained work of the kind in the World."

Harper's Magazine.

NOTICES OF THE PRESS.

The ever-increasing circulation of this excellent monthly, proves its continued adaptation to popular desires and needs.—Indeed, when we think into how many homes it penetrates every month, we must consider it as one of the educators as well as entertainers of the public mind, for its vast popularity has been won by no appeal to stupid prejudices or depraved tastes.—*Boston Globe.*

The character which this Magazine possesses for variety, enterprise, artistic wealth, and literary culture that has kept pace with, if it has not led the times, should cause its conductors to regard it with justifiable complacency. It also entitles them to a great claim upon the public gratitude. The Magazine has done good and not evil all the days of its life.—*Brooklyn Eagle.*
